PROFESSIONAL EXPERIENCE

Campus Fund <i>May'24 - Present</i>	<i>Asia's first and biggest student-led VC Firm empowering student entrepreneurs who challenge the status quo</i> - Selected as Investment Associate in a cohort of 25+ students among 1000+ students from IITs, IIMs, BITS, ISB, etc. - Sourced and analysed 30+ startups in SaaS, HealthTech, etc. Voted in the Investment Committee of 60+ members. - Utilized Porter's framework to conduct a value-chain analysis of 6+ startups, enabling comprehensive evaluation.
FinsTi Cofounder <i>Sept'22 - Aug'23</i>	<i>Founded a Fintech startup for students, pre-incubated at Nirmaan¹, IIT Madras, secured a pre-seed grant of INR 2L</i> - Built a tailored solution empowering youth communities to track & manage their personal finances effectively. - Secured Institute Rank 1 amongst 30 teams by building an MVP app in a 10-week cohort conducted by TechSoc². - Onboarded over 60 users for Pilot testing and approached MakeMyTrip and BluSmart for a potential partnership.
Fabheads Automation <i>Dec'22 - Jan'23</i>	<i>Growth Internship at Fabheads Automation Pvt. Ltd., India's leading Carbon fibre 3D Printing firm.</i> - Led a team of 6 interns to formulate the Growth and Outreach plan, achieving 17% cost-cutting in the campaign. - Boosted the company's visibility by over 7x by strategically pushing digital content across social media platforms. - Enhanced customer engagement by over 23% by creatively revamping the web application's aesthetics & UI/UX.

COURSES, SKILLS AND PROJECTS

Courses	Corporate Finance	Introduction to computation and visualisation	Data Science Theory and Practice	Machine Learning Stanford
	Mathematical Finance**	Principles of Economics	Data Structures and Algorithms (Python)	Foundations of Machine Learning**
Skills	Python & ML libraries C++ MATLAB SQL HTML, CSS, JavaScript Adobe Creative Suite Figma Design Software Power BI			
Market Risks MS6621 (Course Project)	- Analysed market data of the NSE FMCG³ Index; Constructed the Markowitz Index by optimising portfolio weights. - Benchmarked derived portfolio weights (using SciPy) against the actual market weights & analysed the differences. - Plotted indifference curve, efficient frontier to visualise minimum-variance portfolios against the target returns.			
Fin Ratios MS6621 (Course Project)	- Analysed 30+ financial ratios for CG Power & Industrial Solutions Ltd. by evaluating 5+ fundamental parameters. - Benchmarked the financial ratios against market standards, getting insights to asses long-term investment risks. - Evaluated the company's long-term investment prospects with an investor-centric approach, using over 10 factors.			
Credit Card Fraud	- Developed a credit card fraud detection model using logistic regression; Got an F1-score: 0.935 using 28 features. - Performed feature engineering and data preprocessing to handle imbalanced classes & improve model performance. - Achieved an accuracy score: 93.97% on the test dataset, validating the model's robustness for real-world use cases.			
LSTM Stock predictor	- Developed an RNN⁴ model to forecast stock prices; Trained the model on the AAPL's market data from 2009 -2022. - Built a multi-layer LSTM⁵ model with 50 neurons and 3 hidden layers; Used MSE⁶ loss function and Adam optimiser - Predicted prices for FY 2023 and got a Norm RMSE of 0.04 on comparing; Deployed the application using Streamlit			
JPMCS IB Simulation	- Identified over 3 ideal M&A⁷ targets for a client based on a strategic assessment of their needs and annual reports. - Designed a DCF model evaluating the M&A targets accounting for a competitor bid and supply-chain disturbances. - Created a 2-pager for the client containing the shortlisted company profiles and a summary of the auction process.			

POSITION OF RESPONSIBILITY

FILMMAKING	Managing Chief IITM TV <i>June'23 - Apr'24</i>	- Represented IIT Madras in Asia's prestigious 'IFP⁸ 50 Hours Filmmaking Challenge' & secured a place in the top 30. - Contributed to boosting channel subscribers by over 68% by engaging the audience with creative content creation. - Mentored a team of 10+ content creators to foster their understanding of filmmaking and video editing techniques. - Headed 5+ workshops and projects for 70+ content creators, covering diverse filmmaking and video editing facets.
	Content Creator IITM TV <i>July'22 - May'23</i>	- Represented IIT Madras in the G20 Summit at the IIT Madras Research Park as part of the media production team - Served as the Main Editor and managed production for 'Convocation Video 2022', with 100K+ views on YouTube. - Directed the editing process as the Chief Editor for the video '36 Questions with NASA Scientist Dr Bob Balram.' Co-headed the comprehensive planning and execution of the project 'Freshie Vox Rox 2022' with over 50K views.
	ACC IITM TV <i>Feb'22 - June'22</i>	- Acquired foundational skills in film appreciation, video editing, and design using Adobe Premiere Pro software - Mastered Figma Design Software, demonstrating a proactive approach to expanding expertise in design thinking. - Featured in Fresher's video: 2021 with 60K+ views, contributing to a vibrant introduction of the freshman students
Head Marathi Mitra Mandal <i>June'23 - June'24</i>	- Headed a team of 50+ members implementing strategic restructuring to drive enhanced community engagement. - Orchestrated 10+ culturally enriching events, notably four flagship gatherings, each drawing over 500 attendees. - Secured INR 2L+ funding from alum sponsors and GSB within a tight timeframe, showcasing adept financial acumen.	

EXTRA-CURRICULARS

Optiver Trade	Successfully completed the Trade-a-thon conducted by Optiver, competing against 400+ students from IIT Madras.
Classical Vocals	Excelled (Distinction) in 4 levels of national Hindustani Classical Music Exams, showing dedication and mastery.
Saathi Department Head	- Successfully implemented mentor-mentee mapping for 80+ students, ensuring academic compatibility of students. - Mentored 8 students, addressing their academic & general issues & nurturing their growth throughout the college.
